Dear Mr. Yehia,

As Canada's Year of Asia Pacific comes to an end, I would like to thank-you for your assistance and support that has led to a very successful corporate sponsorship program.

We have worked with many people over the past year and have received excellent suggestions and cooperation throughout. The success of the APEC meetings and the sponsorship program show the positive results that can emerge when Government and the private sector work together to achieve a common goal. From a government perspective, the APEC and Canada's Year of Asia Pacific sponsorship campaign was a great success. I hope that the recognition that National Glass received more than met your own expectations. National Glass did an excellent job on the atrium at UBC. It will be a definite legacy of APEC. Thank-you for all of your advice throughout the year.

The success of our combined efforts is a tribute to the power of teamwork. Speaking for the sponsorship team, I thank you for your assistance during 1997 and wish you all the best in the new year.

Yours sincerely,

Scott Fraser
Director, Corporate Sponsorship
